Autumn Ridge

REHABILITATION CENTRE

"The therapy team is excellent and the staff is excellent. I have grown close to a lot of people here and will definitely be coming back to visit!"

- Hilda Damron

Hilda came to **Autumn Ridge Rehabilitation Centre** after having difficulty at home; swelling in her legs was keeping her from being as independent as she would have liked to have been. After spending a short time at **Autumn Ridge** and working with the therapy team, she has returned home and regained her independence once again.

Our Moving Forward program is designed for those striving to restore abilities lost due to stroke, cardiovascular difficulties, orthopedic surgery and other debilitating conditions. Programs vary in frequency and intensity and include physical, occupational and speech/language therapies. Our goal is to return our participants home safely with the skills they need to continue life on their own terms.
