

ASC Communities Receive 2018 Bronze - Commitment to Quality Award

ASC NEWS & EVENTS | JULY 6, 2018

Caring people make the difference at American Senior Communities. It is one of the reasons why several ASC communities were recently honored with 2018 Bronze - Commitment to Quality Awards, which are given to honor senior health communities dedicated to quality care of residents.

The *Bronze - Commitment to Quality Award* comes from the American Health Care Association and National Center for Assisted Living (AHCA/NCAL) as part of their [National Quality Award Program](#).

Of the 26 communities in Indiana to receive the 2018 recognition, 10 are operated by American Senior Communities. Congratulations to Autumn Ridge Rehabilitation Centre in Wabash, Avalon Village in Ligonier, Beech Grove Meadows in Beech Grove, Betz Nursing Home Auburn, Franklin Meadows in Franklin, Riverwalk Village in Noblesville, Rosegate Village in Indianapolis, Springs Valley Meadows French Lick, Stonebrooke Rehabilitation Center in New Castle and University Nursing Center in Upland.

The award is the first of three distinctions possible through the [AHCA/NCAL National Quality Award Program](#), which honors long-term and post-acute care providers that have demonstrated commitment to improving quality of care for seniors and persons with disabilities.

“This year’s Bronze Award recipients are leading the way for others in the profession in pursuing quality care,” said AHCA/NCAL National Quality Award Board of Overseers Chair, Alana Wolfe. “I commend them on this accomplishment and challenge them to continue making progress in quality improvement.”

The communities will be honored during AHCA/NCAL’s 69th Annual Convention and Exposition, October 7-10, 2018 in San Diego, California.

American Senior Communities operates senior health and living communities throughout Indiana and in Louisville, KY. Living options and services include Independent Living & Wellness, Assisted Living, Rehabilitation, Alzheimer’s & Memory Care and Skilled Nursing Care.
