

Coventry Meadows recognizes team for 2020 National Quality Award

American Senior Communities announced that Coventry Meadows has received the 2020 Silver Achievement in Quality Award bestowed by the American Healthcare Association and National Center for Assisted Living (AHCA/NCAL). This award is part of the AHCA/NCAL's National Quality Award Program, which recognizes long-term and post-acute communities nationwide for demonstrating dedication to improving the lives of their residents through consistent, quality care.

Applicants for the Silver Award status must have already attained the Bronze Commitment to Quality Award, which focuses on a community's ability to implement a performance improvement system. At the Silver level, communities are assessed on their systems of organization, their effectiveness and their tools for improvement in their approaches. This award lays the foundation for the program's next designation, which is the Gold Excellence in Quality Award. Statewide for 2020, there were 5 Silver Award recipients, including Coventry Meadows.

"Caring people make the difference is not just a slogan, we intentionally seek individuals with a heart for service and a calling to serve seniors," said David Stordy, COO of American Senior Communities, "It's an honor to be recognized for our commitment to delivering quality care. Going through the process of achieving the Silver award only makes our organization stronger."

To honor to the hard work and dedication of its team members, Coventry Meadows planned to host a Silver Medal Award Luncheon meal Oct. 29 followed by recognition from CEO Donna Kelsey and COO David Stordy.

Coventry Meadows is at 7833 W. Jefferson Blvd., Fort Wayne.
